WOODLANDS

by Lauren Roses

Last month, High Point Market exhibitors ventured into the forest as woodland prints and motifs trended across wallpaper and fabric. Green continues to soar as a color choice, offering a sense of vitality as well as relaxation — a serenity gained through a walk in the woods.

Galerie Wallcoverings' Elegance collection features metallic thread and shimmer lines with flowers and leafy tendrils.

Tempaper's collection with interior designer Jeremiah Brent includes 13 patterns of peel and stick wallpaper.

Best Home Furnishing's chair is upholstered in a blue, nature-inspired fabric.

Alden Home's Jess ottoman is covered in a fabric called Morning Gallop.
